

Community based program serving families in the Avonworth School District

Dear Parent,

Over the past year community members within the Avonworth School District have organized a local non-profit division of *Blessings in a Backpack* to provide non-perishable food every Friday to families in need. This national program provides a framework for support to ensure that our youngest learners have food at home each weekend. The program is operated locally and relies on donations and corporate sponsors to fund a bag of food to each participating family every Friday.

A small bag of non-perishable food will be provided to your child each Friday at the Elementary School. There is no cost associated with participating in this program. The names of families participating in this program are not released to the Blessings in a Backpack program organizers.

If you wish for your child to **receive** food, please sign and return the letter below to Miss Hough in the school office. If we happen to close and shift to virtual learning only, please see the nutrition page on our website for emergency meal offerings. For more information on this program, please visit www.blessingsinabackpack.org.

Sincerely,

Rhodora Huffmyer
